This badge allows entrance to the Flight Training Center through the security gateways throughout the requested period.

To obtain Entrance Authorization, please provide the dates of the visit and the names* of the trainees requiring access to the simulator by sending the information by email to our local Customer Service Office **at least 5 days before** the first day of training. This can be submitted to: a220rome-fta@cae.com

At the end of the training period please return the magnetic badge to the Security Front Desk Staff.

Electronic Logbook Administrator - ELBA

In each simulator bay there is an Electronic Log-Book Administrator station (ELBA), through which the pilots may insert the training session details. Thanks to the daily usage of the ELBA system, Maintenance Dept. will be able to visualize the simulators failures and customers may leave track of the lost time occurred.

Access to the ELBA System is permitted to instructors only. Each one will be provided with a User Name (UN) and a Password (PW) prior to the first training session. Please notice that passwords assigned ought to be changed at the first access.

UN and PW never expire but after three attempts without success the system will block the access.
